St. John Fisher Youth Group 2009-2010

Dear Youth Group Families,

We are blessed with another year of exciting opportunities for our high school students. Mr. and Mrs. Kudla have been busy organizing outreach activities, service projects, and some just plain “fun” things to do!

For those of you who may be new to the program, a majority of our expenses are sponsored by the parish community (emphasizing the fact that our young people are a truly cherished part of St. John Fisher Chapel), while other activities are charged on an at-cost basis.

We are extremely sensitive that the changing economy may limit some of our families’ abilities to allow their children to participate in our activities; many of which, we feel, are truly life changing.

Please know that we are taking steps to set up a scholarship program for any student who may need it. No questions. No forms. We also know that there are many of you who have asked how they can help support the many activities that are the foundation of this Ministry.

Keeping these things in mind, you will now see additional lines on the permission slip forms required for any Youth Group outing as follows:

I have enclosed \$ _____

I have enclosed and additional amount of \$ _____ to be used for the scholarship fund.

We are in need of a scholarship for this event. _____

Thank you - we are all in this together!

Michelle Pittel
Parish Catechetical Leader
